TEACHING TEENS THROUGH TECHNOLOGY

Dr.S.V.Rama Rao
Lecturer in English,
Govt.Degree College,S.Kota.
Vizianagaram district, Andhra Pradesh

Abstract:
Technological advancement liberalization globalization have paved way for the high demand of communication skills . Communication skills play an important role in enhancing employability skills. English language teaching has undergone tremendous and changes drastically over the years especially during the last decade. The proliferation of Technical devices such as computers and mobile phones and in the first two decades has influenced upon the various aspects of our life and our styles of learning and teaching. Technology has transformed the field of Higher Education specifically English language teaching for communication. Nowadays Technology based education is just like fast food to the minds of students .Technology appeals and enthuses the students towards learning. It creates something new beyond human mind and human resources .Technology is intended to improve and enrich English language skills of this 21st century for tech-savvy teens. In the
